**SOIL EROSION AND SEDIMENT CONTROL  
GEOTECHNICAL CERTIFICATION**

Certification:

I, \_\_\_\_\_, a registered (check one below).

☐ Civil Engineer      ☐ Geotechnical Engineer      ☐ Geologist      ☐ Landscape Architect

in the State of Alabama, and having sufficient geotechnical knowledge and experience to certify the following:

I am aware that the project site at \_\_\_\_\_  
has been designated to be in a landslide susceptible area. I am aware of the clearing and/or earthwork to be  
done at this site and of the clearing and/or earthwork methods to be used. In my professional opinion, the  
work to be performed will not increase the slide susceptibility of this site or adjacent property.
